

# Guide – Funding Programmes and Consulting Services

## Funding by Bewegungsstiftung - How does it work?

You are politically active (or want to be) and you want to share your energy with others for a better world. That this is not possible without resources and networking is clear to you. That's why you want to find out from Bewegungsstiftung what we support and which is the right programme for you.

**Step 1:** Check whether you are on the right track as far as Bewegungsstiftung's goals and values are concerned. To do so, please read our [Funding Principles](#).

**Step 2:** Make sure we have a programme that's right for you. The overview below can give a first orientation. You will find a more detailed description of the programmes (with their goals, requirements and details for application) in the respective funding guidelines.

If steps 1 and 2 fit and you have read the guidelines carefully, **you can send an application to Bewegungsstiftung**. How this is possible can be found in the respective funding guidelines for the individual programmes.

## Overview

Bewegungsstiftung is currently offering five different support programmes and two consulting services. The following overview gives you a short orientation. You will find a link to the rules of each programme in the last line.

## Non-profit information on the programmes

**Note:** Non-profit status must be recognised under tax law. Associations with no legal status (initiative groups and others) can apply for subsidies together with an registered organisation that has charitable status. . In this case, the registered organisation is the beneficiary of the grant towards the foundation.

## For questions on the complete programme

**Reference to Lotsin:** If there are still concrete questions after reading the programme guidelines (e.g. uncertainty as to which programme fits the project), we offer a short consultation. Send your questions in a short and concrete form to [lotsin@bewegungsstiftung.de](mailto:lotsin@bewegungsstiftung.de) and we will contact you to arrange an appointment. Please be economical with our resources and read the funding guidelines carefully before using this service
